**Official communication about the
Campaign of Fiscal Liberton of the citizens and enterprises
of the Free Territory of Trieste
started by the Free Trieste Movement**

Excellencies, the Movimento Trieste Libera – Gibanje Svobodni Trst – Bewegung Freies Triest – Free Trieste Movement, taking action as representative of the legitimate interests of the citizens of the current aFree Territory of Trieste under more than 20,000 signatures it has already collected for this purpose, 15,000 of these already sent to the Security Council of the United Nations, officially informs you that on March 6th 2015 it has started, with the annexed documents it has produced, the Campaign of Fiscal Liberation of the citizens and enterprises of the Free Territory of Trieste.

This Campaign of Fiscal Liberation is based on the international legal order, on that of the Free Territory of Trieste, to the Constitutional legal order of Italy, to the principle of *no taxation without representation* of the independence of the United States of America and to the right to resist illegitimate authorities.

The Republic of Italy has recognized the Free Territory di Trieste as an independent Sovereign State, member *de iure* of the United Nations by signing the Treaty of Peace of Paris of February 10th, 1947 - in force - and this act of recognition was implemented in its own legal system with Law No. 3054/1952,

in force and binding under Articles 10, sub-paragraph 1 and Article 117, sub-paragraph 1 of the Constitution of the Republic of Italy.

Since 1954, the special trusteeship over the Free Territory of Trieste on behalf of the Security Council of the United Nations is entrusted to the responsibility of the Italian Government - not to the Republic of Italy as a State, which has neither administrative powers nor sovereignty over the Free Territory of Trieste.

Therefore, we make it clear to the Italian Authorities we are addressing:

1. that said campaign of Fiscal Liberation, as well as other actions of the Free Trieste Movement, whose purpose is to put an end to the violations of the State and fiscal sovereignty of the Free Territory of Trieste are brought forward for the legitimate interest of its citizens and of the United Nations in the needed restoration of international legality and to restore the very Constitutional legality of Italy;
2. that for the reasons stated above, said actions of the Free Trieste Movement for the legal and political defense of the State rights of the Free Territory of Trieste cannot legitimately be regarded to, obstructed, stopped, nor prosecuted as if these constituted acts of subversion or threatens to the legal order or to the national unity of the Republic of Italy;
3. that in case Italian authorities take action to regarded to, obstructed, stop or prosecute these legitimate actions as if these constituted acts of subversion or threatens to the legal order or to the national unity of the Republic of Italy, the Free Trieste Movement, the citizens and the enterprises of the Free Territory of Trieste have the right to appeal to the direct protection of the Security Council of the United Nations and of its permanent and non-permanent Member States.

Trieste, March 16th, 2015.

The President of the Movimento Trieste Libera – Gibanje Svobodni Trst
Bewegung Freies Triest – Free Trieste Movement

Roberto Giurastante
